

Durability and Sustainable Performance

Colorstrand® – A premium branded 100% Solution Dyed Nylon with Pre-Consumer Recycled Content. Colorstrand is ideal for commercial applications no matter how demanding the environment. With over 100 fresh colors that offer design aesthetics unsurpassed by other solution dyed fibers. Colorstrand also offers excellent resistance to color loss from harsh chemicals and ozone degradation.

ENDURING BEAUTY

- Excellent resistance to color loss from harsh chemicals and ozone degradation
- Five times more resistant to fading than conventionally dyed nylons
- Heavy denier creates soil hiding cross section which helps repel dirt and prevents soiling
- Fiber resiliency prevents crushing or fading, so your carpet looks newer longer
- Available with Sentry Plus Soil® and Stain Protector
- Maintenance made easier and keeps your carpet looking better, longer

SUSTAINABLE PERFORMANCE

- Contains 25% Pre-Consumer Recycled Content*
- Recycled Content is third party certified by Underwriters Laboratory®
- Proven to last longer – the longer your carpet lasts, the less impact it has on the environment
- Meets USGBC LEED® criteria for recycled content
- Mohawk products tufted with Colorstrand SDN are CRI Green Label Plus® certified for VOC emissions
- Recyclable through Mohawk’s ReCover Program

* Use of Mohawk sustainable backing systems increases the total recycled content

What's Colorstrand got that they haven't got?

Colorstrand fiber is manufactured by Mohawk Industries, the largest flooring company in the world, exclusively for Karastan, Lees, Bigelow and Durkan. Colorstrand fiber is every bit as tough as the Mohawk name, and made to take anything you can dish out. What's more, we'll prove it.
