Haberdashery Collection

In the Haberdashery Collection, I wanted to pay tribute to enduring styles of menswear. Fashion trends come and go, but there are certain design elements that will never go out of style. With Haberdashery, we turn these designs on their ears to create a new, unexpected grouping of styles to dress a space.

Taking on the role of haberdasher – a term defining a merchant of men's clothing – we looked at what would work best on the floor in hospitality settings. We simply updated such classics as argyle, corduroy, plaid, herringbone, houndstooth, tie and checks with contemporary colors and pattern directions in a collection that forms the basis for a complete hospitality wardrobe.
