CARPET BACKINGS & CONSTRUCTION

When you upgrade backings you add

value

When you upgrade the backing of
the product that aesthetically
meets your needs, you add...

value

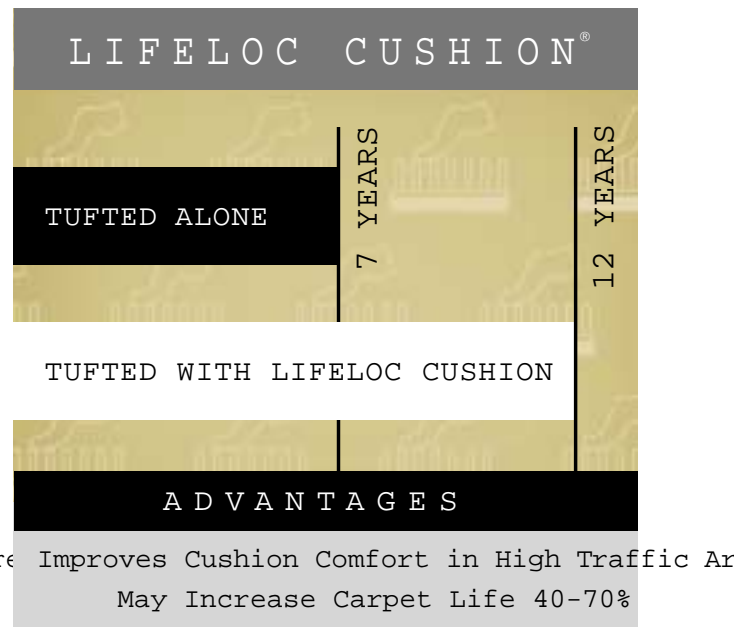

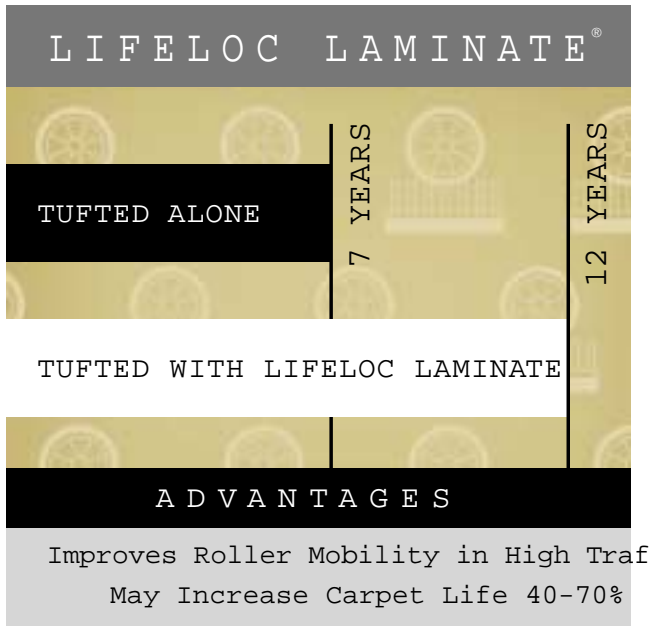

Trust the reliable value of
Bigelow Commercial Carpet.

Bigelow's Backing Systems

The most cost effective way to add value and longer life to your installation.

Ultra Performance System™, UPS, is a state of the art, high performance, patented technology that greatly enhances tufted carpet performance and offers installation flexibility. This system consists of processes that employ multi-layer and multi-density backings combined with our exclusive binder chemistry modification referred to as "Advanced Thermoset Co-polymer".

Ultra Performance System™, UPS, is a state of the art, high performance, patented technology that greatly enhances tufted carpet performance and offers installation flexibility. This system consists of processes that employ multi-layer and multi-density backings combined with our exclusive binder chemistry modification referred to as "Advanced Thermoset Co-polymer". This combination of construction and chemistry gives UPS its unique strength, flexibility and stability. In addition, UPS is the only high performance broadloom tufted product that may be stretched in or direct glued, based on your specific needs. We also offer the UPS Lifetime Limited Warranty that covers all items "that must never fail in performance". Now the decision in selecting the right carpet for your application is simple. It's simply UPS... only from The Mohawk Group.

THE FEATURES AND BENEFITS OF OUR BACKINGS

LIFELOC LAMINATE®

Lifeloc Laminate is a 100% urethane laminate backings system engineered for heavy commercial use. Lifeloc Laminate is recommended for use in airports, hospitals, schools, medical offices, assisted living centers, convention and exhibit halls, areas subject to heavy commercial traffic and or liquid spills.

Lifetime Warranty

- Lifetime high tuft bind (wet or dry)
- Lifetime dimensional stability
- Lifetime against edge ravel | zippering (no seam sealer required)
- Lifetime against delamination
- Lifetime against pilling and fuzzing
- Lifetime cushion resiliency

Superior Appearance Retention

- Enhanced moisture resistance – spills stop at the base of the tuft
- Improves appearance by absorbing traffic shock
- Lifeloc Laminate does not deteriorate with age

Environmental Impact

- Extending the life of carpet = less carpet to the land fill
- Backing scrim 100% recycled non woven scrim
- PVC free, chlorine free
- Non toxic seam sealer
- CRI Green Label Certified
- Exceeds industry standards
- No 4PCH
- Indoor Air Quality Benefits
- Recyclable

Lower Life Cycle Cost

- Lifeloc Laminate extends the life of tufted carpet a minimum of 40 percent
- The longer carpet lasts the less it costs

Moisture and Maintenance Benefits

- Enhanced moisture barrier
- Passes British Spill Test
- Prevents wicking
- Improves ability to remove spills
- Helps eliminate odors

Application Flexibility

- Lifeloc Laminate is available on most patterns and styles

Inhibits Microbial Growth

- Does not support mold and mildew growth

Installation Friendly

- Product does not inhibit pattern match
- Temperature stable

Improves Safety

- Helps to prevent serious slip and fall injuries
- Passes ADA requirements

Roller Mobility

- Does not inhibit roller traffic

Acoustical Benefits

- Improves sound absorption for a quieter work environment

Thermo Insulator

- Helps keep building warmer in winter and cooler in summer

LIFELOC CUSHION®

Lifeloc Cushion is a 100% urethane laminate backings system plus attached high-density urethane cushion engineered for heavy commercial use. Lifeloc Cushion is recommended for heavy commercial use in healthcare, corporate, bank lobbies, and institutional facilities.

Lifetime Warranty

- Lifetime high tuft bind (wet or dry)
- Lifetime dimensional stability
- Lifetime against edge ravel | zippering (no seam sealer required)
- Lifetime against delamination
- Lifetime against pilling and fuzzing
- Lifetime cushion resiliency

Superior Appearance Retention

- Enhanced moisture resistance – spills stop at the base of the tuft
- Improves appearance by absorbing traffic shock
- Lifeloc Cushion does not deteriorate with age

Environmental Impact

- Extending the life of carpet = less carpet to the land fill
- Backing scrim 100% recycled non woven scrim
- PVC free, chlorine free
- Non toxic seam sealer
- CRI Green Label Certified
- Exceeds industry standards
- No 4PCH
- Indoor Air Quality Benefits
- Recyclable

Lower Life Cycle Cost

- Lifeloc Cushion extends the life of tufted carpet a minimum of 40 percent
- The longer carpet lasts the less it costs

Moisture and Maintenance Benefits

- Enhanced moisture barrier
- Passes British Spill Test
- Prevents wicking
- Improves ability to remove spills
- Helps eliminate odors

Application Flexibility

- Lifeloc Cushion is available on most patterns and styles

Enhanced Ergonomics

- Cushion under foot = less fatigue
- May improve worker productivity

Inhibits Microbial Growth

- Does not support mold and mildew growth

Installation Friendly

- Product does not inhibit pattern match
- Temperature stable

Improves Safety

- Helps to prevent serious slip and fall injuries
- Passes ADA requirements

Acoustical Benefits

- Improves sound absorption for a quieter work environment

Thermo Insulator

- Helps keep building warmer in winter and cooler in summer

THE FEATURES AND BENEFITS OF OUR BACKINGS

EUROFLEX®

A high performance attached urethane-backing system. Recommended for: corporate and hospitality markets.

Superior Appearance Retention

- Greater dimensional stability – avoids growing or shrinking
- Improves appearance by absorbing traffic shock
- Euroflex does not deteriorate with age

Environmental Impact

- Extending the life of carpet = less carpet to the land fill
- PVC free, chlorine free
- No 4PCH
- Non toxic seam sealer
- Indoor Air Quality Benefits
- Backing scrim 100% recycled non woven scrim
- CRI Green Label Certified
- Recyclable
- Exceeds industry standards

Lower Life Cycle Cost

- Euroflex extends the life of tufted carpet up to 40 percent
- The longer carpet lasts the less it costs

Application Flexibility

- Euroflex is available on most patterns and styles

Installation Friendly

- Product does not inhibit pattern match
- Temperature stable

WELDLACK®

Weldlock Unitary, economical high tuft bind latex unitary backing system with no secondary backing; designed for use with non-patterned constructions. Engineered and recommended for commercial use in property management and schools applications.

10 Year Warranty

- 10 year no edge ravel
- 10 year no zippering
- No delamination potential

Superior Appearance Retention

- Greater dimensional stability – avoids growing or shrinking
- Superior construction

Installation Friendly

- Product does not inhibit pattern match
- Temperature stable
- Product flexibility and construction

WELDLACK PLUS®

Weldlock Plus an economical high tuft bind enriched latex unitary pre-coat laminated to a woven secondary backing; designed for use with patterned constructions. Engineered and recommended for commercial use in property management and school applications.

10 Year Warranty

- 10 year no edge ravel
- 10 year no zippering
- No delamination potential

Superior Appearance Retention

- Greater dimensional stability – avoids growing or shrinking
- Superior construction

Installation Friendly

- Product does not inhibit pattern match
- Temperature stable
- Product flexibility and construction
