Contract GS-27F-0031N and GS-27F-8440A

The Mohawk Group is the largest floor covering supplier to the federal government. Our GSA contract includes over 300 running line styles, over 300 custom products, and our QuickShip products that can be delivered in 15 business days or less. We also offer a comprehensive menu of installation, maintenance, and resilient options to satisfy all of your floor covering needs. Call our GSA team today and satisfy your floor covering needs in 3 Easy Steps!

Single Source...Total Solution!

The Mohawk Group is the single-source flooring partner delivering the most comprehensive range of products that meet all your needs. By understanding your business, we deliver total solutions through world-class design, performance, service and knowledge like no other flooring company.

Mohawk GreenWorks

Everything we do at Mohawk is green. We're the largest recycler in the flooring industry, a net purchaser of waste, and leader in green technology and innovations. We don't just do green dreams or hopes, we do green that works.

Schedule

Contract GS-27F-0031N and GS-27F-8440A

Installing Mohawk Group carpets will contribute the following LEED® Green Building credits:

LEED® NC
FOR NEW
CONSTRUCTION

LEED® CI
FOR COMMERCIAL
INTERIORS

LEED® EB
FOR EXISTING
BUILDINGS

CONSTRUCTION WASTE MANAGEMENT:

MR Credit 1.1 and 1.2

MR Credit 2.1 and 2.2

- We make recycling carpets easy for everyone. Regardless of what manufacturer, we recycle post consumer carpet through our North American ReCover program. It reduces the strain on local landfills and minimizes the total environmental impact of carpet. Call 877-3RE-CYCL

RECYCLED CONTENT:

MR Credit 2.1 - 2.5: Optimize Use of Alternative Materials

MR Credit 4.1 and 4.2

- Karastan and Bigelow Ultra Performance System RE broadloom contains a minimum 14% post consumer recycled content
- Karastan and Bigelow Ecoflex™ cushion Carpet Tiles contain a minimum 10% post consumer recycled content
- Karastan and Bigelow Biocel attached cushion broadloom contains a minimum of 11% pre consumer recycled content, 3% post consumer and 3% rapidly renewable content
- Lees ICT RC carpet tile contains 35% pre consumer recycled content, available upon request
- Karastan and Bigelow UltraSet RC carpet tile contains 35% pre consumer recycled content, available upon request
- Lees Unibond® RE contains 20% post consumer recycled content
- The recycled content percentages are based on total product weight and are third party certified by SCS (Scientific Certification Systems)

REGIONAL MATERIALS:

MR Credit 2.1 - 2.5: Optimize Use of Alternative Materials

MR Credit 5.1 and 5.2

- The majority of The Mohawk Group products are produced in the following locations: Dalton, Georgia, Glasgow, Virginia and Dublin, Georgia. Depending on your project location our products may help you contribute towards points in these areas. Contact your local Mohawk Group representative for more information

LOW EMITTING MATERIALS:

MR Credit 3.1 and 3.2 Optimize use of IAQ Compliant Products

EQ Credit 4.1 and 4.3

- All of The Mohawk Group Carpets comply with the CRI Green Label Plus testing program
- All of The Mohawk Group recommended adhesives pass the VOC limits of South Coast Air Quality Management District Rule #1168

GREEN CLEANING:

EQ Credit 5: Indoor Chemical and Pollutant Source Control for NC and CI

EQ Credit 10.1 Entryway Systems

EQ Credit 10.2 Isolation of Janitorial Closets

- Provide building entryway systems and procedures for cleaning and maintaining these entryway systems
- Under this credit, Lees First Step and Step Up Carpets and Lees documented maintenance procedures help contribute toward this point
- Reduce exposure of building occupants to potentially hazardous chemicals that adversely impact IAQ
- Lees patented Duracolor technology eliminates the need for harsh VOC emitting detergents
- Karastan and Bigelow with EverSet technology eliminates the need for harsh cleaning agents

INNOVATION IN DESIGN:

ID Credit

Compare the materials cost of The Mohawk Group carpet against the total cost of all building materials and products used in the project

The threshold for attaining one (1) Innovation Point is:

- Use ANSI/NSF 140-2007e certified carpet for all carpet products installed in the project, AND
- When Silver level carpet is used and carpet represents at least 5% of the value of the project, OR
- When Gold level carpet is used and carpet represents at least 2.5% of the value of the project, OR
- When Platinum level carpet is used and carpet represents at least 1.25% of the value of the project
